

Invotec - Screw Tip Spanner

A Fully Adjustable Screw Tip Spanner for 3,4 and 5 Flute Screw Tip Assemblies.

The Invotec Fluted Screw Tip Spanner is the ideal tool for removing fluted screw tips. It avoids costly damage caused by other removal methods. The wrench is compatible with hundreds of screw tip sizes. It adjusts up to a 75mm (3") screw tip body diameter.

Can use it for screw tips with 3, 4 and 5 flutes.

- Specifically designed for removing fluted screw tips
- Avoids damage to fluted screw tips
- Requires virtually no adjustment
- Safer than makeshift removal methods
- Facilitates machine setup and maintenance
